### Innovative Protection, Naturally Safe.

Powered by TIMBRA by GWP and BURNBLOCK®, enjoy fire protection: 100% natural, chemical-free, and achieving Class A performance. Trusted performance with Cradle-to-Cradle Gold certification.

### Grad® / TIMBRA by GWP

The Grad® brand values efficient construction systems and materials that ensure long-term stability and durability. For this reason, it recommends the use of TIMBRA by GWP in decking projects, highlighting its strength, sustainability, and ease of maintenance. This recommendation reinforces Grad®'s commitment to modern, reliable, and high-quality solutions for outdoor spaces.

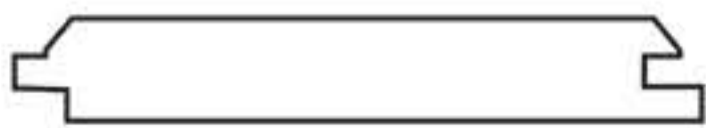

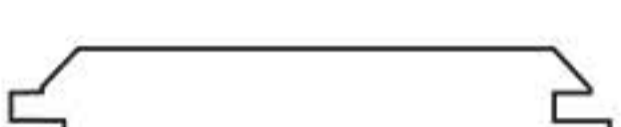

### DeckWise® / TIMBRA by GWP

The DeckWise® brand recognizes the importance of using high-quality materials to ensure durability and performance in outdoor projects. In this context, it recommends the use of TIMBRA by GWP as a premium decking solution, combining natural aesthetics with superior strength. This choice allows for elegant, low-maintenance finishes with long-lasting performance, aligning with DeckWise's high standards.

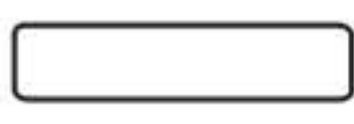

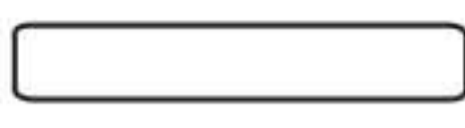

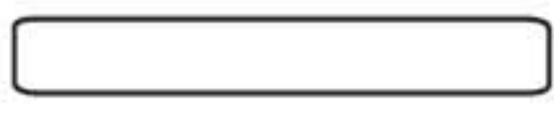

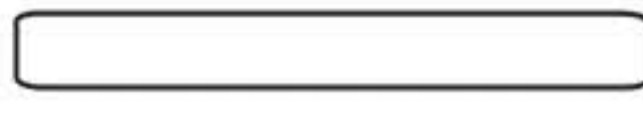

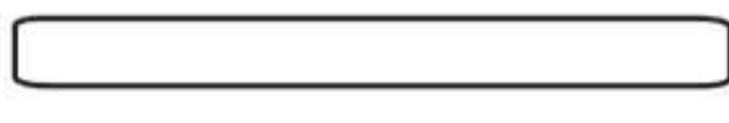

## CLADDING
